

Shibui Bonsai

Groups and Multi trunk

2023/24

Updated December 2023.

Be aware that the photos in this catalogue have been cropped to give a good look at the tree. Smaller trees can appear large so take note of the pot size specified to give a more accurate idea of the scale in each photo.

As usual, I'm often too busy growing and looking after bonsai to be able to update the catalogues so email to check whether individual trees are still available before getting your heart set on a particular tree.

Prices shown are ex nursery at Yackandandah. Please make allowances for delivery cost which can vary substantially depending on the destination and size of the tree. I can give you a fixed price when I know your location so include your postcode when enquiring.

I understand that it can be difficult choosing your new bonsai from pictures on the screen. I'm happy to take current shots of your chosen tree(s) showing different sides and/or scale so you can get a better look at any trees before you commit to a purchase. Just let me know when you make contact.

Neil

This year I've saved photos of many of these trees as dug from the grow beds so if you'd like to see the bare trunk, roots and nebari please ask for each tree.

There are usually plenty of smaller Japanese maple starters so ask if you want something less developed than these.
